ABOUT THE VENUE

Egg London is an iconic veteran of London's nightlife scene – a colossal warehouse club, famous for pumping out great party vibes late into the night. Not content with just being a great night out, the multifaceted events space also turns its hand to a variety of private and corporate events too, from product launches and award ceremonies to themed parties and networking events.

Egg's size and versatility means that it provides many different event spaces, each of which can easily be adapted to fit the needs of a wide range of events. Egg boasts some of the best sound and light tech anywhere in London, so it naturally specialises in creative events – many of the spaces within the venue feature programmable lighting systems, and all of them have built-in DJ booths for live performance, complete with top-of-the-range professional kit from Pioneer, Technics and Allen & Heath. In addition, you'll find three state-of-the-art sound systems at Egg – the Ground Floor sound is provided by L'Acoustics; the Middle Floor has a thumping KV2 Audio rig, and music in The Loft comes courtesy of Funktion-One. The advantage of three independent sound systems is that each floor can run its own music, with no sound leakage or crossover between them.

Egg London's standout space is the Ground Floor, a versatile area that can be turned into anything from an exhibition space to a banquet, reception or a straight-up party for 550 people. The long bar area provides ample accessibility for big groups to get served, and there are VIP areas available that overlook the main floor.

The Middle Floor is similarly spacious, but the ceilings are lower than the cavernous Ground Floor, making this a great space for live performances and events. This dance floor has state-of-the-art AV, lighting and laser set up, as well as its own VIP area with private bar, and a terrace.

Finally, head right up to the top of Egg London and you'll find The Loft. This has an altogether calmer, more intimate feel, making it perfect for use as a breakout area, or for cosier events for up to 250 people. The loft uses local reclaimed materials to create an industrial vibe, and it has its own DJ booth, private entrance and private roof terrace. For those interested in laying on food for an event, catering is available via a variety of street food vendors in the main smoking area..

GROUND FLOOR

Egg London's standout space is the Ground Floor, a huge versatile area that can be turned into anything from an exhibition space to a banquet, reception or straight-up party for 550 people.

The long bar area provides ample accessibility for big groups to get served, and there are VIP areas available that overlook the main floor.

TESTIMONIALS

01

TEAM AWAY DAY

"A huge thank you to the event management team at Egg for hosting our BEST EVER summer party. Our wish list was one that would send most running for the hill. But the team seamlessly coordinated fete style games, a mouth- watering BBQ, drinks that didn't stop flowing and a crystal dome to boot!! Morgan Hunt's 250 staff were bowled over with not just the venue (which is pretty special in itself) but the atmosphere, theming and co-ordination of the entire day. We really did have a blast!"

Sue Cooper,MD, Morgan Hunt

02

AGM

"A massive thank you for hosting the ISES AGM. Everyone loved the venue, we were so lucky with the weather! It was a major success on every level and hopefully got you lots of lovely leads. It was a pleasure to work with you and hope we can work with you again soon. Best regards all at Partridge and ISES"

Jacqui Partridge, Managing Director, Partridge Events

03

FASHION EVENT

"I would recommend Egg as a diverse venue in a central London location with an experienced events team who are friendly and accommodating. The team were in constant contact and responded to requests during both the preparation and the event itself. Thank you to all of the team for your commitment to make our event a success."

Laura Adeshiyan, Retail Operations Manager, French Connection

04

FASHION EVENT

"We all had such a FAB time and found everyone who worked at Egg just delightful. From the bar staff to the bouncers and the caterers everyone went above and beyond to help people get home and help us set up."

Laura, Ted Baker

05

SUMMER PARTY

"We recently had our agency summer party at Egg, and it went off brilliantly. All of the staff at Egg were nothing but professional throughout the experience, and the management team couldn't have been more helpful. We've been burned previously working with large famous nightclubs in London like Egg, but these guys went above and beyond the call of duty not only in the set-up of the event but also in the inevitable last-minute requests we chucked their way. Everyone had a fantastic night and, despite quite a few sore heads the next day, we couldn't have asked for a better night. Thank you very much!"

Michael Alexander, Adam & Eve DDB

06

SUMMER PARTY

"Thank you guys SO much for last night - and all the weeks in the lead up to the AOL event. You have all been so accommodating, flexible, helpful - just such a lovely team to work with. It really has been a pleasure."

Laura Mulvaney, Laura Mulvaney Events for AOL UK

07

CHRISTMAS PARTY

"Seventeen Events were delighted to work with Egg to create the Guardian News & Media Christmas Party. The space in the club was perfect, big enough to invite the whole company to attend but still cosy enough for it not to feel soulless. The different rooms were transformed to deliver something for everyone, and we were bowled over by the helpfulness and support from the Egg team. We wouldn't hesitate to recommend them and look forward to working with them again in the future."

Andrew Williams, Managing Director, Seventeen Events Ltd

08

CHRISTMAS PARTY

"The organisation by yourself in advance of the event made organising our Christmas Party easy and stress free and your management during the night was superb which meant everyone could enjoy the night. You were always willing to help out with extra bits such as posters and tickets for the night and videos on the entrance hall screens, which gave the night uniqueness. The attendees thought the venue was great, especially after the recent refurbishment. The hog roast also went down well. I got a lot of feedback from people that attended that it was one of the best Christmas Parties we have had."

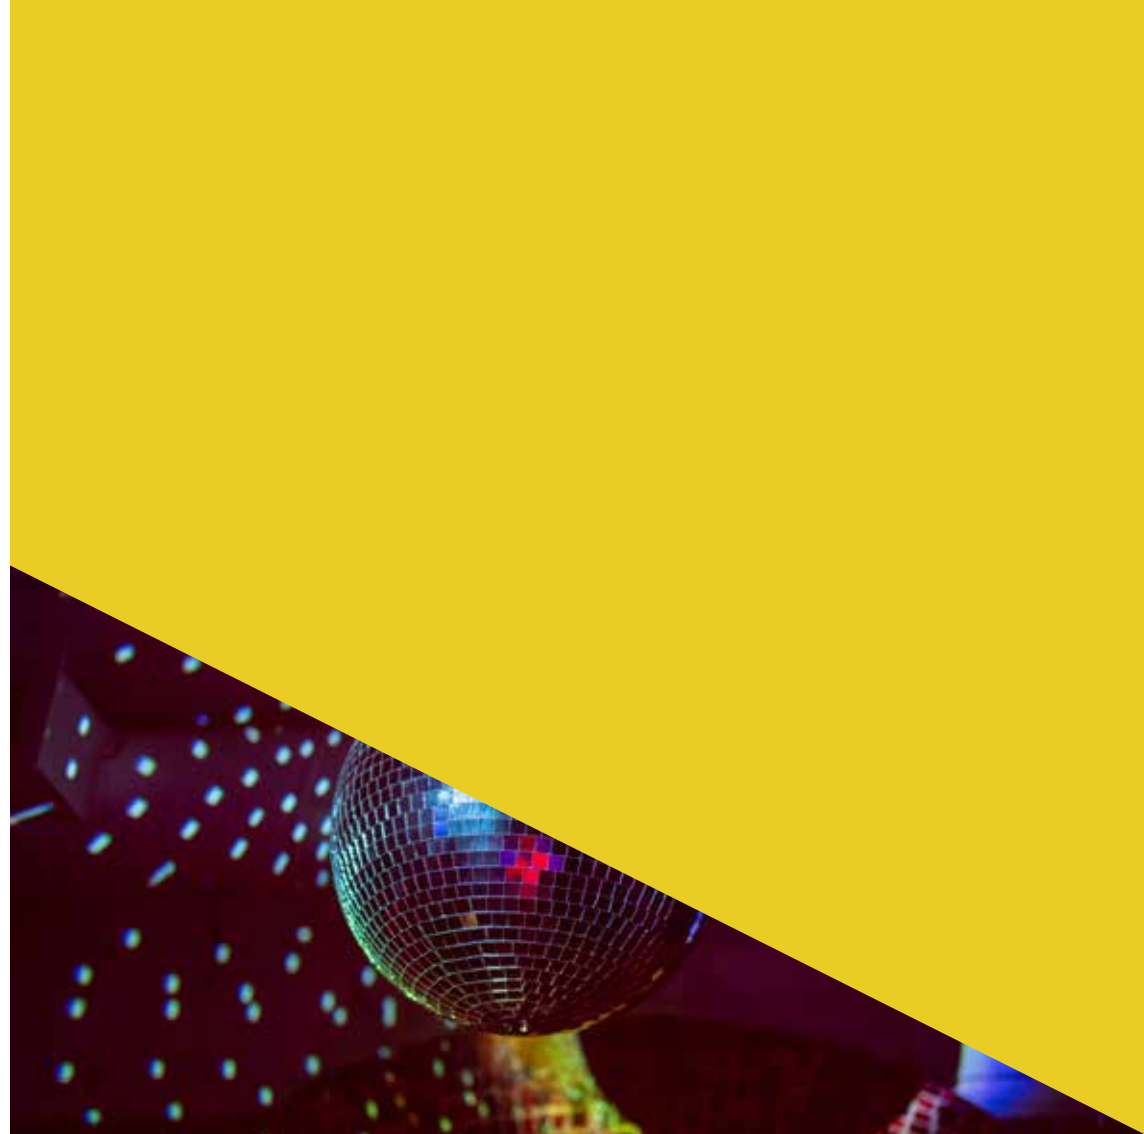

Gareth Hanson, Tesco, UK

09

FASHION EVENT

"We all had such a FAB time and found everyone who worked at Egg just delightful. From the bar staff to the bouncers and the caterers everyone went above and beyond to help people get home and help us set up."

Laura, Ted Baker
